

Pre Graduation 1 The Mystery of the Missing Peanuts

460: Mickey the Zookeeper went to the shed
to get breakfast for the animals.

461: He took his key out of his pocket and unlocked the door.

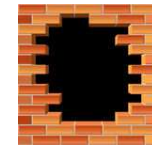

462: The peanut bags were open,
and some of the peanuts were missing!

463: Mickey called Detective Goofy on the telephone.

464: Detective Goofy looked everywhere for clues.

465: The thief must have come in through the hole in the wall!

466: The elephant couldn't have taken the peanuts.

467: The giraffe couldn't have been the thief, either.

468: Goofy hammered a lot of nails into the wall.

469: He wound string around the nails.

470: He tied a bell to one end of the string.

471: He tied the other end of the string to the peanut bag.

472: He poured blue paint in front of the hole.

473: Goofy went to sleep

and waited for the thief to come to the shed.

474: That night—very quietly—the thief came to the shed.

475: The bell crashed to the floor and woke Goofy up.

476: There were eight footprints in the blue paint.

477: The octopus might have taken the peanuts.

478: The octopus wouldn't eat a peanut.

479: Two animals could have made the eight footprints.

480: Goofy saw blue paint on Chip and Dale's feet.

481: Chip and Dale took the peanuts! They were the thieves!

482: Chip and Dale brought the peanuts back to Mickey.

483: Mickey made Chip and Dale his helpers.

484: Chip and Dale swept up empty peanut shells from the ground.

485: When they finished, Mickey gave them all the peanuts they could eat.
